

March 16, 2020

Dear Oran R-3 families,

We are moving through uncharted waters during this time of COVID-19. After gathering information from our local health officials and other area school officials, we have decided to cancel school **Wednesday, March 18th - Friday, April 3rd**, at that time we will reevaluate returning to school. During this time there will be NO extracurricular activities.

We realize the hardship being out of school places on families. We are developing a plan to assist our families during this time. We will use all communication channels to alert families about how to access these resources in the coming days and weeks and provide frequent updates via the District website, texts, emails, and social media.

The safety of our students, staff, and community is our highest priority. We will continue to evaluate the next steps for our school as information becomes available and provide information through our email notification system as well through social media.

Sincerely,

Dr. Adam E. Friga  
Superintendent of Schools
