## Free Supplies and Resources for Your Classroom

This year our school is partnering with SchoolStore to raise funds to help purchase the essential tools needed in our school and classrooms. As part of the SchoolStore program, students' families and friends have the opportunity to donate Caring For Classrooms gift cards for your classroom.

You can use these gift cards at the Caring For Classroom's online store to shop for the items you want most for your classroom. Choose from a wide selection of school supplies, teacher resources, books, games, magazines, and more.

### How Caring For Classrooms Gift Cards Work

1. Supporters donate Gift Cards.
2. Gift Cards will be sent to your school. It will identify the teacher and recognize the student and donor.
3. Go to [caringforclassrooms.org](http://caringforclassrooms.org) and choose the items you want for your classroom!

Please help us promote this program by sending home the Parent Announcement Packet and showing the participation prize. Greater participation generates more supplies and resources for your class!

I want to share a little information about a very unique part of your SchoolStore fundraiser that can directly help you and your students.

Like most fundraisers, this program allows supporters to help your school by purchasing products for themselves and your school earns up to 50% of those purchases. But here's the difference ... this program also provides an option for supporters to make donations to your classroom with 100% of their donation going directly to you.

Supporters can donate from \$50 up to \$500 by purchasing a Caring For Classrooms Gift Card ... and yes, teachers have received \$500 donations. Over the last few years, supporters donated more than \$50,000,000 to classrooms allowing teachers, like you, to purchase the essential tools and resources their students need to succeed.

You can use these gift cards at the Caring For Classrooms online store to shop for the items you want most for your classroom. Choose from a wide selection of school supplies, teacher resources, books, games, magazines, and more.

We created this direct-to-classroom donation plan thinking a few people would prefer helping the classroom rather than purchase something for themselves. We were surprised when over 70% chose to support the classroom by donating a Gift Card, but that's exactly what happened.
