

Dear Parents,

On August 31,2020, USDA released waivers extending flexibilities for the Summer Food Service Program. With these waivers, we will be able to provide our normal breakfasts and lunches to your child at no cost starting Tuesday, September 8. I do want to emphasize that this waiver is valid through December 2020 OR until Federal Money is no longer available. If the Federal Money is no longer available before December, the school will put out communication informing you of this immediately. I am excited to offer this to our families during the tough circumstances Covid-19 has brought upon us all. Please do not hesitate to contact your respective building principal if you have any questions.

Proud Oran Superintendent

Dr. Adam E. Eriga
